Public Incitement of Racial Hostility & Harassment of Black Americans

To contact.lapdonline@gmail.com <contact.lapdonline@gmail.com>

The BLKsignal News Investigative Department is formally reporting the actions of Drew Hernandez, a public figure operating out of Los Angeles, for inciting racial hostility and targeting Black American citizens through public denigration and harassment.

On [insert date], Mr. Hernandez posted a message on the social media platform X (formerly Twitter), referring to a video of Black women graduates and stating:

“All future DEI hires on the way to destroy your life brought to you by affirmative action.”

This inflammatory statement intentionally frames Black Americans—specifically Black women—as threats to public welfare solely based on their race and professional advancement.

This behavior is not merely offensive; it is a calculated attempt to incite fear, hostility, and possible harassment against a protected class. His public comments create an unsafe environment for Black professionals and perpetuate racial stereotypes that have historically led to real-world violence and discrimination.

We believe this conduct violates California Penal Code § 422.6 (Interference with Civil Rights), which prohibits threats, intimidation, or coercion aimed at interfering with a person’s exercise of civil rights based on race, color, or national origin. Additionally, his actions may fall under California’s hate crime statutes (Penal Code §§ 422.55 & 422.6), which the LAPD has jurisdiction to investigate and enforce.

Given the reach and influence of Mr. Hernandez’s platform, his statements pose a public safety risk by encouraging racial animosity. We request that the LAPD Internal Affairs or relevant Hate Crimes Task Force review this complaint, investigate the incident, and take appropriate enforcement action.
